

PLI 300
CEILING

PLI has an asymmetrical rose-like diffuser which fits into a perforated metal box support. PLI came about one day when playing with a bent sheet of plastic we were using for another project. We flipped the sheet around and it became a completely different, complex shape with an interesting play of concave and angled spaces. We named it PLI, from the French word "fold".

DESIGN TIP

Several PLI lamps may be grouped to create a "flower-bunch" configuration on the ceiling.

TECHNICAL DATA

TYPE	Ceiling lamp
APPLICATION	Hospitality, Commercial, Residential, Condo
LIGHT EMISSION	Diffuse
MATERIALS	Aluminum, polypropylene
COLOUR	White
SAME FAMILY	n/a
ASSEMBLY	None
LIGHT SOURCE	MAX 100 W G-30 white incandescent (not included)
DIMENSIONS	9.5 x 9.5 x 9.5 in. (24 x 24 x 24 cm)
RECYCLABLE	Yes (all materials except the lamp)
