

TUBE 100
TABLE

TUBE is a sculptural table light with a flexible shade. The shade is easily reconfigured by simply manipulating the pliable material and fixing it through holder slots. The base emits a floating halo of soft light beneath a translucent tube. The matte white tube glows with a warm light upwards to the shade. It provides a soft illumination for reading or ambient lighting without glare. TUBE gives the user a chance to play with form and light in a way that is open-ended, reversible and fun. Follow the directions or play with the shade material and create your own shape.

DESIGN TIP

TUBE fixtures work well alone or in a group. Two or more fixtures in a space make a formal “conversation” about the many different ways light can be modified and shaped by materials and form.

TECHNICAL DATA

TYPE	Table lamp
APPLICATION	Residential
LIGHT EMISSION	Diffuse
MATERIALS	Steel, PVC
COLOUR	White
SAME FAMILY	n/a
ASSEMBLY	Assembly of shade – directions included
LIGHT SOURCE	MAX 23 W compact fluorescent (not included)
BALLAST	n/a
DIMENSIONS	approx. 14 x 14 x 27 in. (36 x 36 x 69 cm)
RECYCLABLE	Yes (all materials except the lamp)
