

## SABRE 500 SERIES WALL SCONCE

SABRE is a tall linear sconce creating a dramatic silhouette. The SABRE wall sconces juxtapose lenses, reflectors and tinted acrylic sheets to produce unusual optical effects. Illusions of depth and fractured patterns of light and colour shift and dissolve depending on the viewing angle. The lighting is predominately diffuse with areas of sharper focus emanating from the lamp source. Because of the subtle visual vibrations, SABRE invites the viewer to examine the fixture up close.

Partially shielded, yet visible as a ghost, the energy saving compact fluorescent lamp becomes itself an interesting element. The mirrored rear reflector with the partial reflection of the tinted cover multiplies the lamp outline, lending it a hologram-like three-dimensionality.

### DESIGN TIP

Use as an art-piece on the wall in a living room or entry foyer or in multiples in a corridor or feature wall.

### TECHNICAL DATA

TYPE	Wall sconce
APPLICATION	Hospitality, Commercial, Residential, Condo
LIGHT EMISSION	Diffuse
MATERIALS	Aluminum, acrylic
COLOUR	Yellows, blues
SAME FAMILY	AURE red, AURE clear, SABRE
ASSEMBLY	None
LIGHT SOURCE	1 x 24 W 2G11 (not included)
BALLAST	Electronic
DIMENSIONS	3 x 3 x 22 in. (7.6 x 7.5 x 56 cm)
ADA COMPLIANT	Yes
RECYCLABLE	Yes (all materials except the lamp)
OPTIONS	Custom combinations of colours, lens combinations and lighting effects available on special order
