

**HEXA** 500  
WALL SCONCE OR  
CEILING DIRECT MOUNT

HEXA may be used as a wall sconce or ceiling light. The diffuser may be rotated to add variety and to create slight variations in lighting effects. Light coming through the two perforated back plates creates a subtle hexagonal pattern in the acrylic "light box."

**DESIGN TIP**

Use in multiples in a corridor rotated at different angles to create movement.

**TECHNICAL DATA**

TYPE	Wall sconce or Ceiling fixture
APPLICATION	Hospitality, Commercial, Residential, Condo
LIGHT EMISSION	Diffuse
MATERIALS	Perforated aluminum, acrylic
COLOUR	White
